# **R530** X-RIDER Revival BOATS

**No matter what's on your family's boating agenda, the new R530 X-Rider delivers**

**It's true...SIZE really does matter! Designed to squeeze into the average suburban garage, the R530 X-Rider redefines your expectations of how BIG a small bowrider can actually be. Ski. Fish. The options are endless. Just add water and set your next adventure free.**

Coming in at a garage-friendly 5.3m (or under 6m on a trailer with a swing-away draw bar) the fun-sized R530 X-Rider is a rare find in a market where boats are getting bigger, but new home lots are rapidly shrinking. But don't for a moment think that downsizing your Revival means compromising on space, functionality or ride. The all new R530 X-Rider borrows the capable R530/R525 platform and dials up the fun factor. Featuring a lockable anchor well capable of accommodating a full-sized winch, a convertible bow-zone, generous underfloor storage, bait well rear drop in door and split-fold rear lounge, the R530 X-Rider flicks a middle finger salute at the tinny brigade that have dominated the small bowrider niche...until now!

Revival Boats was founded upon a desire to create **versatile hulls** that responded to the needs of **Aussie boating families**.

All **Revival hulls** are **meticulously handcrafted** by a talented team overseen by one of **Australia's most respected boat builders**.

Every **Revival** presents **outstanding value** without sacrificing on quality or service and is backed by a **10 Year structural warranty**.

DISCLAIMER: The standard specification and inclusions of respective OffShore and WeekEnd editions have been carefully packaged by Revival Boats and cannot be varied. Should you wish to create your own unique Revival package, your dealer will work with you to customise the standard SportZ edition with your choice of options and accessories to suit your requirements. Revival Boats Dealers may also stock their own variants which differ to the factory standard specification. Please confirm prior to purchase.
